## Two Women Victims In Armed Robbery

20 Theft Crimes in Area Reported During Weekend; 4 Cars Stolen

Armed robbery of two women in Madison, theft of a \$250 tape recorder from a jewelry store window and an apartment burglary in which lost included a television set and a stereo phonograph were among a series of 20 theft crimes in the Quad-City area during the weekend.

Four autos were stolen, another was found stripped and one stolen car was recovered.

Two bandits, one of them armed, held up and robbed two women as they walked from their car in front of 1437 Third street in Madison Friday night, and escaped with cash estimated at \$60 to \$70.

The victims were Mrs. Lillian Wright, 4000 Park Lane, and her mother, Mrs. Lillian Barton, 1437 Third street, Madison.

Mrs. Wright told police that she and her mother, accompanied by her small son, had just gotten out of the car at 9 p.m. when they were approached by two youths about 20 years old. One of them announced: "This is a stickup," and demanded the women's purses.

Mrs. Barton refused to give up her purse. One of the youths then displayed a nickel-plated pistol and grabbed Mrs. Wright's purse which, she told police, contained \$60 to \$70 in cash, her driver's license and other personal papers. The men then ran west in Third street. A black pistol later was found in the grass a short distance away.

A tape recorder valued at \$250 was stolen about 6:45 a.m. Sunday by a thief who smashed a display window at Hudson Jewelry in the arcade at Belleme Village Shopping Center.

Burglars stole a 15-inch portable television set, a stereo phonograph and two white stuffed French poodles from the apartment of Phyllis Carbaugh, 2737 Iowa street, she reported at 7:45 p.m. Sunday. The door to the apartment was forced open after noon on Saturday.

Persistent burglars made three unsuccessful attempts to pry open doors at Woodmont Mobile Agency, 1905 Madison avenue, it was discovered Friday morning. Pry marks were found on two rear doors and a side door. All the windows had been repainted recently.

The hap was tried off the of (Continued on Page 13, Col. 4.)

## Sieeking Gardens Dedicated with Plaque Unveiling

Sunday showers ended in time for the 2:30 p.m. ceremony and plaque unveiling for Sieeking Gardens in Wilson Park—named to honor the park district's first superintendent, the late Ernst Sieeking.

Between 75 and 100 persons gathered in the gardens for the dedication which was highlighted by a talk by Appellate Judge George Moran, who said the late Mr. Sieeking left not only the beautiful gardens and trees to the community but also a tradition of usefulness devotion.

The bronze plaque in the middle of the gardens was unveiled by Paul Schuler, park board president, and Mrs. Theodore Aufderheide of Granite City, daughter of Mr. Sieeking, and Paul Arthur Sieeking of St. Louis, sons of the late park superintendent.

Plaque inscription The plaque bears a likeness of Sieeking and the following inscription: "Sieeking Gardens. Dedicated to the fond memory of the late Ernst Sieeking, who as superintendent of parks (1921-32) developed these gardens."

In paying tribute to Mr. Sieeking, who was 86 years old when he died Nov. 14, 1962, Judge Moran said Sieeking was the only employee of the park district for several years after the district was formed in 1921.

"He was a baker by trade, and when he came here in 1903 he went to work at National Enameling and Stamping Co. Mr. Sieeking was park superintendent from 1921 to 1936 and his many years of generous devotion was for the welfare of our community."

Others paying tribute to Mr. Sieeking were Milton Worthington, vice-president of the park board and an original park board member; Barry Loman, park commissioner who was master of ceremonies, and Rev. Arvin Twilmyer, pastor of Concordia Lutheran Church, who gave the prayer.

Worthington welcomed the members of the Sieeking family, local garden club officers and others to the dedication, and Loman carried out the introductions.

Other officials present were Clarence Baumeier and William Konyak; and past (Continued on Page 13, Col. 7.)

## General Steel Acquiring Pipe Protective Firm

Steps are under way for the acquisition of Pipe Protective Service, Inc., of Kearny, N.J. by General Steel Industries, Inc., it was announced by General Steel President W. Ashley Gray Jr.

He said the acquisition should be completed by Dec. 1. Stockholders already had approved initial steps to acquire the firm. The transaction will involve exchange of 42,500 shares of General Steel for all outstanding shares of Pipe Protective Service.

Gray said the firm will become a wholly-owned subsidiary of General Steel, and will continue to be operated by its present management.

The firm was founded in 1947 and is leading applicant for various types of pipe. "The affiliation of Pipe Protective Service with our Standard Pipe Protection Division is an important additional step in our growth and diversification."

Standard Pipe Protection Division based in St. Louis, was acquired by General Steel Industries in December last year and serves markets in the midwest, south and west coast. The new acquisition will permit reaching markets on the east coast with its "growing requirements for specially treated pipe through this new subsidiary," Gray said.

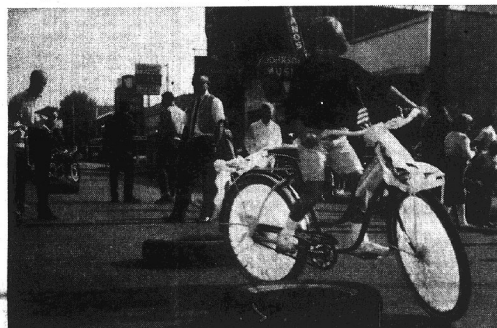

General Steel with six operating divisions is a major producer of rapid transit cars, industrial and railroad cast steel products, and iron and steel rolls. In recent years, General Steel has acquired Ludlow-Saylor Wire Cloth Division in St. Louis, manufacturers of industrial wire cloth and screens, and Flex-O-Lite Division of Affton, Mo. suppliers of reflective and industrial glass beads.

Under final acquisition of Pipe Protective Service, General Steel Industries will have 16 plants in six states and Canada.

## City, State Find 41 Obstacles On R-O-W

GC Council Determined S. Nameoki Rd. Work Will Not Be Stalled

In a move to avoid duplication of last year's difficulties over "encroachments" along the right-of-way of Nameoki road, an inspection committee of city and state highway officials toured the south section of the proposed road improvement Thursday afternoon and located 41 such obstacles that will have to be removed.

Alderman G. H. Sternberg, chairman of the council's street committee, said no major encroachments such as buildings or attached overhanging obstructions were found and that most of the obstacles consist of signs or sign posts that may be eliminated without difficulty.

Mostly Signs Twenty-eight of the encroachments—any item that extends into or overhangs the right-of-way—are signs, most of them electric.

Other items include three fences, operation of a chain-link construction. One metal awning was located and the remainder were light poles or sign standards. Making the survey were Sternberg, former assistant city attorney Leo Konyak and two representatives of the highway department.

The city and the Illinois State Highway Department experienced a month's delay in starting the current Nameoki road job last year when the U.S. Bureau of Roads refused to approve the beginning of construction until encroachments, consisting of signs, buildings or other obstructions overhanging or extending into the right-of-way, were removed.

Get Ahead This Time

"We are going to be ahead of the game this time by profiting from our previous experience," Sternberg told the council. Right-of-way is now being acquired by the city for improving the south section of Nameoki road from Edwardsville road to Madison avenue. That project is scheduled by the state highway department for 1967 construction.

Sternberg also has received approval from the city council to authorize the state highway department to install "walk lights" at Pontoon and Johnson road intersections along the present Nameoki road improvement.

Sternberg said that by authorizing the state to install the walk lights at the present time, the city, which is to bear the cost, will save approximately \$300 on each installation.

## Venice Fireman Burned Fighting Boxcar Blaze

Trash fires in two empty railroad box cars were extinguished Sunday morning by Venice volunteer firemen. One firefighter, Thomas McCoskey, suffered minor burns to the tip of his nose and to his chin in a blaze at the south end of the Terminal Railroad Association yards at 7:10.

The second alarm was at 8:45 a.m. and was in a car at the north end of the yards. No less estimates were given.

## Ohio Man Dies, 2 Persons Hurt In Area Crashes

32% Area Families Non-Churchgoers, Survey Reveals

Results of a religious survey conducted among 12,600 families in the Quad-Cities shows 32% of the persons contacted do not hold church membership and 56% of those have no church preference.

The purpose of the survey, conducted by the Quad-Cities Ministerial Association, was to locate "non-church" families of the area and to determine information regarding the depth of the ministry of the churches.

The information will be used by the ministers and congregations of the 44 participating churches. In gathering the data, 750 volunteer workers contacted 41,000 persons.

It was determined that 50% to 55% of the population could be classified as active church members.

These are persons who belong locally and attend church at least once a month. However, 15% of the population classified themselves as inactive local members.

The national average for church membership is about 65%, but in the Quad-Cities area it is about 55%, which is considerably lower than the national average, the Ministerial Association noted.

These are the Roman Catholics and the Baptists, each with 20.2%.

## 1 Held, Seek Another In Liquor Theft Case

One man was arrested last night and another was being sought by Venice police today after the pair had removed a large quantity of liquor from a rear storeroom at the Madison Garrett Liquor Store at Douglas and Weaver streets. Four shots were fired in a chase after the men.

Venice officers said they were checking a car parked at the intersection at 10 p.m. yesterday when Mrs. Madona Garrett, present Nameoki road improvement.

As Venice police, joined meanwhile by Madison officers, rounded the building, both men fled. Two officers chased one of the men several blocks, firing three shots. Venice police said the man was carrying the child of Alexander's arms.

Police said they are seeking (Continued on Page 13, Col. 5.)

## Man Carrying Infant Struck Down by Hit-Run Driver Friday

Traffic accidents in and near the Quad-Cities accounted for one death and 21 injuries that occurred in 13 of 33 mishaps reported to local and state authorities. The death occurred at the Peters Station rail crossing, and a state trooper enroute to the crash scene was hurt in a separate mishap.

Madison police still are searching for a hit-run motorist who struck down a man carrying a baby at Third street and McCambridge avenue Friday evening.

An Ohio man who was in the area to construct silos was killed about 8:15 a.m. Saturday when his auto was struck by an Illinois Central Railroad freight train at the Peters Station crossing on Route 157.

A state trooper, John Oldani, 44, of Collinsville was injured when his auto went off the pavement and down an embankment at the nearby intersection of Routes 162-157 as he was arriving at the accident scene.

Killed in the auto-train crash was Albert Francis, 21, of Marietta, O., an employee of the First Colony Corp. of Ohio. State police reported Francis' auto was stopped on the crossing when it was struck by the eastbound freight train.

The car was knocked into a signal crossing light standard, and he was thrown out. He suffered head and internal injuries and was pronounced dead at the scene by deputy coroner from Edwardsville.

The engineer was Jack Burris of Clinton. He suffered fractures to four ribs and multiple bruises, was given emergency treatment at St. Elizabeth Hospital here. Francis is survived by a sister in Ohio.

An eight-month-old infant and the man who was carrying her were injured at 7:30 p.m. Friday when the man was struck by a car at Third street and McCambridge avenue in Madison. The driver of the car fled the scene.

The baby, Christine Billen, daughter of Mr. and Mrs. James Billen, 1857 Second street, and John Alexander, 27, of 304 McCambridge avenue, were treated at St. Elizabeth Hospital.

The child suffered a 2½-inch cut to her scalp. She was admitted to St. Elizabeth Hospital for cuts to the scalp and face and an abrasion to the right ankle and was released.

Madison police reported Alexander was carrying the baby as he crossed McCambridge. The driver of the car fled the scene.

Police said they are seeking (Continued on Page 13, Col. 5.)

## Auto Salvage Dealers Ask Air Pollution Exemption

Twelve operators of landfills or auto salvage yards in the Madison-St. Clair county areas—four of them in the Quad-Cities—asked the state board to temporarily exempt all auto salvage yards from air pollution control rules until some method can be worked out for complying with

air pollution regulations. Robert French, chief of the Bureau of Air Pollution Control of the Illinois Department of Public Health, said the request for a variance will not be acted upon until a formal application is made.

The hearing was held in the city council chambers of the East St. Louis city hall to hear evidence in cases where open burning has been reported by control board inspectors. James Sinovic, of East St. Louis, said that he will dig up access roads to his landfill in the Canton township area because individuals have been dumping there and some fires have started as a result.

Caught in Between  
Vernon Paule of Belleville said he is caught between state and federal regulations. He said he has a federal contract for disposal of unclaimed mail. Federal laws require that it be burned, but the state prevents open burning. French suggested they be burned in an approved incinerator.

The hearings were held only to get evidence upon which the board may act in its regular meeting in November.

Included among those summoned to the meeting are Emmett Mobley and Selden Collins of Madison, William Paul P. T. Auto Salvage, Granite City, and Jerry Davis of West Side Auto Salvage, Granite City. Others were Bernard Fahey,

Barney's Auto Parts, East St. Louis; George Thomas, mayor of Brooklyn (for open burning at the Brooklyn dump); Wiley Scott, St. Louis (for open burning in Nannoli township near Venice); James E. Richardson, Mud Duck Auto Salvage, East St. Louis; Thomas Fahey, Fahey Auto Parts, East St. Louis, and Vernon Paule, Belleville.

Violators of a final board order to cease open burning are subject to injunctive and penalty action by the Illinois attorney general's office.

Meanwhile, a 24-page color brochure entitled "A View From The Arch," summarizing the findings of the recently completed Interstate Air Pollution Study was made available to the public without charge. The brochure contains pertinent graphs and charts and explains in lay language the most important aspects of the three-year study.

Copies may be obtained in quantity for organizations or for individual use by contacting any of the following cooperating agencies: the Missouri Air Conservation Commission, the Chamber of Commerce of Metropolitan St. Louis, the city of St. Louis Health Department, the State Development Agency, the St. Louis Division of Air Pollution Control, the St. Louis County Health Department, the East Side Health District, the East St. Louis Air Pollution Control Commission, and the Illinois Air Pollution Control office at Collinsville.

Mrs. Rehmund said the project is continuing and anyone interested may send the names and addresses of servicemen or units in Vietnam to her, so that books may be sent to them. Addresses should include APO numbers, Fleet Post Office and Unit numbers.

## Nameoki Acres Residents Will Protest to 'Top'

Protests will be filed with state officials this week by residents of Nameoki Acres, over Highway Department plans to acquire approximately 40 feet of their properties to permit construction of a 42-foot median strip in improvement of Nameoki road south of Maryville road.

The highway plans call for construction of a dual two-lane highway from the north city limits of Granite City to the Interstate 270 interchange at Mitchell.

An 18-foot median strip is planned on each end of the improvement, with a 25-foot strip along an area that involves the Nameoki Acres area. The state highway department will require about 40 feet of the front yards of a number of the residences.

**No satisfaction.** Mrs. Loreta Cook, 472 Nameoki road, who has spearheaded the protest movement during the past two weeks, said that a meeting of 19 residents of the area Friday night with Robert Kronst, chief district highway engineer at French Village, "gave us no satisfaction at all."

She said the group had prepared a list of questions to ask Kronst, but that they didn't get the opportunity to use them because the highway engineer "told us flatly he has no intention of changing plans for the median strip."

She quoted Kronst as saying that an 18-foot median strip is being used at the Granite City boundaries because the highway district does not have the money to buy dwelling property that would be necessary to provide a 42-foot median in that area.

"We asked Mr. Kronst if he had authority to change the plans," Mrs. Cook said.

"He said that he did, and someone asked him if he would consider changing it."

**No intention to change.** "Mr. Kronst told us that he had no intention of changing it."

As a result, Mrs. Cook said, area residents plan this week to

## Swim Class is Planned For Mentally Handicapped

The first instructional swim program for handicapped children will be implemented in January through the joint cooperative efforts of four area groups and the generosity of the Madison Lions Club.

Approximately 30 students presently enrolled in educable mentally handicapped classes at Central junior high school will be among the program's initial trainees.

Approval of the program has been granted by the Granite City board of education. Swim class instructors will be furnished by the Tri-Cities American Red Cross Chapter and the YMCA, which also will provide facilities for lessons and a special training course for instructors.

Members of the Granite City Association for Aid to the Retarded are to serve as special advisors for the project, with Dr. George T. Williams as medical technical consultant and Michael Jesse, YMCA physical education director, as the swimming technical advisor.

**Donation of \$180**  
The Madison Lions Club agreed to financially support the program Thursday evening, when members voted to underwrite the cost with a donation of \$180. The local service club also au-

thorized a protest with Francis Lorenz, director of the Illinois Division of Highways, and with Virden, Staff, chief highway engineer at Springfield. Protests also will be filed with Gov. Otto Kerner, she said.

Mrs. Cook met Saturday with State Rep. Lloyd "Curly" Harris who assured her that he will take up the matter with State Sen. Paul Simon and other area representatives and investigate the entire matter.

**One Mile Stretch**  
The state plans a 42-foot median for about one mile along the highway.

The state is acquiring right-of-way for the Nameoki road improvement for probable construction in 1968.

State highway officials contend the wider median is an increased safety factor and Kronst was asked as saying that he would allow a 42-foot median for the entire stretch, but that a matter of economy prevents it.

The residents, members of about 12 families, last week sent letters to Harris, Simon and to State Rep. Ralph Smith of Alton, expressing their concern over the matter and to be written this week to U.S. Sen. Paul Douglas, Cong. Melvin Price and State Rep. Leland J. Kennedy.

## Democratic Group In County Favors Republican Fuchs

A group of independent Democrats headed by Daniel W. McGee of Venice, 1962 Madison county treasurer, would rather fight than switch to John Maers of Madison for county treasurer, he was announced during the weekend.

They will support Pete Fuchs, Alton Republican, Maers' opponent in the Nov. 8 general election.

The group supported Stephen Kennedy of Alton in the Democratic primary in June. Mr. Kennedy defeated Maers for the treasurer nomination but died a few days later. Commitment subsequently named McGee as the replacement.

McGee said a special committee has met with Fuchs and "found him to be a dedicated, qualified candidate for the office."

"We have talked to many people throughout Madison county who have known Pete Fuchs for a long time, and the consensus shows high moral character, integrity, interest in good clean government regardless of party affiliation, and open opposition to machine politics."

"All these attributes make him our logical choice for county treasurer. Our committee feels his election would benefit all the people. He has pledged himself to be obligated to no special group."

**Cites Machine Politics**  
"I am a life-long Democrat and it is my honest opinion that my endorsement of Pete Fuchs will not weaken the Democratic party, but will strengthen it."

"I have heard many good Democrats throughout the county say they were fed up with the way the county machine functions with complete disregard for the wishes and desires of the citizens."

"The machine's method of selecting candidates is not true democracy. In our form of government, a few men should not be permitted to hand-pick the candidates."

"The primary election clearly indicated that voters do not favor this autocratic method," McGee said. "If we vote against this practice we can return to the rightful owners the courthouse."

"The choice is good government or the pressure tactics used by those in control of the Democratic party. I hope we can help return the party to the people for whom it was intended - the voters."

**\$15,000 Damage Suit**  
A \$15,000 damage suit was filed Friday for Mrs. Amelia Mutnik of Madison against Charles Cooper in Madison county circuit court as the result of an auto accident on Sept. 6 on Madison avenue at Third street, Madison. The complaint alleges she was injured while a passenger in one of the autos. Negligence was charged.

**GC Steel in Law Suit**  
A \$20,000 suit was filed last week against Granite City Steel Co. for Harold Pratt, a driver for the Bowler Contract Hauling Co. in circuit court at Edwardsville. The complaint alleges that he was removing a chain from a trailer on Feb. 5, 1965, when he was struck by a load being moved by a crane at the plant, causing injuries. Negligence was charged.

**Two Suits Filed Over Auto Accident Here**  
Two suits were filed Friday for Virginia Ann Rydberg, Virginia E. Rydberg and Craig Rydberg of Granite City in Madison County circuit court at Edwardsville as the result of an auto accident on Sept. 24, 1964, on Missouri avenue at West 23rd street.

In one, the plaintiffs, who claim injuries, seek \$10,000 each from the State Security Insurance Co. to pay for medical costs as drivers of two other autos involved were not covered by the insurance, while the Rydberg car was.

The other defendants are Philip McDonald and Melvin Barnhart, both of Granite City. Virginia E. Rydberg is asking \$40,000 from each for injuries, and the other two are asking \$10,000 from each.

## \$10,000 Suit Filed Against N&W Railroad

A damage suit for \$10,000 was filed last week in circuit court at Edwardsville for Richard Dawson of Granite City against the Norfolk and Western Railroad.

The complaint states that on May 28, Dawson was employed by the M. S. Kaplan Co. and was unloading a gondola rail car containing a tank car when he was injured. The complaint alleges he tried to couple a car with a crane which had a defective couple and his hand was injured.

The damage suit for \$150,000 was filed last week in Madison County circuit court for William Brockman of Granite City against the Illinois Terminal Railroad, the Norfolk & Western Railroad, and Ralph Lytle of Granite City, a supervisory agent for the N&W.

The complaint alleges that while Brockman was employed by Kelly Tar & Chemical Co. last June 20 to unload rail cars, the door of one fell on him and pinned him, causing permanent and serious injuries. The car was delivered by ITR and owned by N&W. The complaint alleged that Lytle was responsible for seeing that the rail cars are safe and adequate.

MR. AND MRS. PHILLIP MINNER, who were married Saturday at Calvary Baptist Church. The bride is the former Linda Moser, a daughter of Mr. and Mrs. Henry Moser, 3133 Jill avenue.

## Miss Moser, Phillip Minner Are United in Marriage

In a 7 o'clock ceremony Saturday evening at Calvary Baptist Church Rev. Wilbert Snider, pastor, united in marriage Miss Linda Moser and Phillip Minner.

The parents of the couple are Mr. and Mrs. Henry Moser, 3133 Jill avenue, and Mr. and Mrs. Lowell Minner, 2510 Delmar avenue.

Arched candelabra with lighted candles and ribbon bows on the pews, together with bouquets on the altar and kneeling bench, provided the setting for the double ring service.

Music was furnished by Mrs. Brooks Holder and Miss Joan Mowery, organist and soloist. The songs were the Lord's Prayer, "Because" and "Always."

Mr. Moser gave his daughter in marriage. Her gown of Chantilly lace was styled with a fitted lace bodice, a Sabrina neckline trimmed with sequins and long sleeves. The very bouffant skirt, with an apron effect in the front, ended in a chapel train edged with sequins.

A double crown of crystal secured a bouffant veil of silk illusion, and the bride's bouquet, a cascade, was formed of gladiolus, lilies of the valley and an orchid corsage.

Mrs. Wanda Pounds was her sister's matron of honor, and Miss Peggy Hicks and Miss Karen Thomas were bridesmaids, serving with a junior maid, Diane Moser, a younger sister of the bride.

They wore floor-length gowns of purple crepe with scoop necks, fitted waists and sheath skirts, accented with satin sashes which formed streamers in the back extending to the floor.

Headpieces were white beaded crowns attached to short orchid veils. They carried fans of orchid gladiolus with pink velvet leaves and pink ribbon.

**FIRST TOUCHDOWN OF GAME** is scored by Rich Logan (20), shown stretching across the goal as he was tackled. An official signals the score, mimicked by jubilant Warrior Terry Moore (82). Other Granite City players visible are Rick Hensley (55), Dave Snelson (11) and Dennis Huebner (58). Madison Trojans pictured are Steve Shipoff (19), Greg Wasylak (22) and Sam Jones (17).

**STOUT MADISON DEFENSE** is demonstrated by Burt Armour (66) in halting Warrior Dan Partney (31) after this gain in the first half of Friday night's series-ending gridiron clash between Granite City and Madison high schools. Other Trojans closing in on the runner include Titus Ship (18) and Keith Williams (53). Warriors are Keith Gauen (41) and Rick Hensley (55). Several thousand fans witnessed the contest, which was highlighted by passes and long runs. Location was the Madison high school stadium.

**TYING THE SCORE** for Madison at 6-6 early in the third quarter is Sam Jones. Arriving too late to halt the Trojan runner are Warriors Doug Wickham (77) and Jim Hentzel (33). Madison gridgers who helped block out for the successful run are Greg Wasylak (22) and Joe Podnar (61). Madison soon afterward moved ahead and was never caught, although a Granite City rally almost knotted the score in the closing seconds of the game.

# Madison Stuns Warriors 19-18 to End Long Series

## Trojan Coach Happy Over Team Victory

Madison stuns warriors, putting Will the Granite City-Madison rivalry to rest again following the Trojans' stunning 19-18 victory at Madison Friday night.

The 36-year-old rivalry was halted once before, for two years in 1951 and 1952, when Madison first joined the Western Conference. Friday night's contest currently is listed as the last of the two schools will see of each other on the gridiron.

"I said when I came here Madison would beat us some night," discomfited Jim Morrison, GCHS coach, mused after the game, "and it finally happened."

**Team Victory**

Glen Pickering, quite naturally exuberant over what was just Madison's sixth victory since the series began in 1929, said "I don't suppose we could ask for a greater victory."

Not immediately singling out any one Trojan, he went on to say, "What I like about it was that it was a team victory. No one player dominated our attack."

This was true, even though Sam Jones and Ron Burt piled up an impressive 248 yards between them. "Tackle to tackle, our line played the best game I've ever seen here," said the seven-year Madison mentor.

who was constantly burning through the Warrior line. He also mentioned Jim Nowicki, senior end. "Nowicki was about the only change we made during the game," said Pickering, thankful of particular move, inserting Nowicki into the lineup in the second half.

For one moment it appeared that the game might be a repeat of the 62-0 rout of two years ago. Madison took the initial kickoff and ran one play, only to fumble on its 23-yard line.

**Warriors Start First**

Steve Conway, who tossed 23 passes overall in the game, hit Terry Moore with an 18-yard pick and then chased over on the next play to give Granite City its initial six points.

Dan Partney had what proved to be a crucial PAT but was partially blocked by the aggressive Trojan line.

Sam Jones, top ground-gainer for the night, took the kickoff on Madison's five and was nailed on the 31. After picking up one first down, Moore crashed in to thwart an attempted pass that cost Madison ten yards and forced it to punt.

**Field Goal Missed**

Neither team was successful in two exchanges of series and, with a 4-yard pass from Keith Gauen to Moore, the Warriors were at the Madison 24-yard line with first quarter time running out. It was at this stage that Moore attempted a field goal that missed the crossbar.

The second quarter began with a shock for Warrior fans when Moore was downed as Sam Jones came crashing off his tackle. But Moore only had the wind knocked out of his sails and was back in the game a few plays later when Steve Geroff's pass was intercepted by Ron Turner.

Shipoff made a steady path through the Warrior offensive line as each Warrior play was limited to only minimal yardage.

**Both Teams Stymied**

again to Ron Burt and the Madison 20. The Trojans, and then the Warriors, were unable to generate any yardage. With 5:30 remaining in the second quarter, Moore booted to the Madison one.

Jones carried the ball out for a short gain and Burt picked up another five yards. Steadily, Jones and Burt moved the piliast downfield until a clipping penalty temporarily stalled things.

Then, with only 1:14 left, Burt fell back and handed off to Jones on a perfectly executed Statue of Liberty play. "I know blocker George Campbell didn't see Turner," said Pickering after the game, as he commented on Ron Turner's touchdown-saving tackle that climaxed the first half. The run gained only to the Madison 27, but Burt had broken in to the clear except for Turner.

**Madison Scores**

Just as Granite City scored swiftly and surprisingly when the game began, Madison pulled a surprise of its own as the second half started. After receiving, the Warriors tried two plays before Sam Jones picked off a Conway pass on the Warrior 44. First Burt, and then Jones, gained short yardage before Jones found a hole off right guard for the Madison touchdown that tied it at 6-6.

Marv Owca, Madison's right guard and kicking specialist, had his first PAT attempt blocked but the Warriors were offside. An attempt at running the ball over failed, too.

Granite City took the kickoff

for an 11-yard pass, carried again and then hit Partney for a short pass just beyond the mid-field mark. Dave Anderson carried before Conway began hitting Moore on short aerials at the sidelines.

**Score in Closing Seconds**

With 1:14 left, Conway hit Don Kirksey for a 25-yard gain. After Partney picked up three yards, Conway tried first Stuart, and then Moore, but was unable to click on a toss to Wilson. Partney powered over for the touchdown making the score 19-18.

The pressure that had rode all night on extra point boots was at its highest now, with Granite City's hopes for a tie riding on the kicker's aim.

The ball came off the snap, the Madison line crashed in and the ball angled off to the right, much too low.

The Trojans had won over Granite City, just as they did in 1933—by one point.

## Press-Record Madison 33-7 to Sports Open Grid Slate

Coolidge junior high proved a formidable opponent for Madison's freshmen as it scored a 33-7 victory on the Granite City high school field Thursday afternoon.

Tim Leonard, a 22-year-old senior, began the first of the four quarters with a touchdown pass to a wide receiver. The Braves drove deep into Madison territory in the second quarter only to fumble the ball away on the five-yard line. But Madison, attempting to punt out, crashed in to block the kick and fell on it for Coolidge's third score.

In the third quarter, Danny Seitzer hit off-tackle for another touchdown that capped a Coolidge drive. Seitzer also slammed over for the PAT.

**Madison Scores**  
Madison, which had been fairly ineffective against the normally strong Coolidge defensive wall, finally broke through in the last quarter.

On a reverse play that completely mystified the Braves, Trojan Willie Ackers had not only daylight in front of him as he scampered 45 yards to score. Ted Narvaez ran over for the extra point.

The Braves countered, however, when they pulled a fake dive but pitched out to let Eddie Hagauer for the first touchdown. Roger Hayes hit off tackle for the conversion.

Prather junior high's Chiefs proved a little jittery in their first football competition at Bethalto Thursday night and the hosts scored a 39-7 victory.

"We had ten penalties against us," Ray Fyalka reported, "and lost the ball three times on fumbles. Most of the penalties were for being offside and for being in motion."

The junior high Eagles scored once in the first quarter and three times in the second frame. Halftime score was 26-0.

**Prather Scores**  
Prather's Dan Suchik hit off tackle for the Chiefs' only TD, on a drive that began right after the third quarter began. Richard Howell kicked the extra point.

After an exchange of series, the Braves moved down into Bethalto territory again in the third quarter but lost the ball on a fumble on the Eagles' 20.

Bethalto went on to score one touchdown in each of the final two periods.

Prather attempted five passes, completed one and had one intercepted. The Chiefs rolled up 100 net yards in rushing. A total of 50 yards in penalties was doled out, although some were declined.

**Leading Players**  
Leading ground-gainers were Suchik with 50 yards, Stan Corey with 40 and Larry Hicks with 26. Richard Lesko was credited with nine tackles and Russell Gray with six ball carrier snags to top the defense for Prather.

Commenting on Bethalto, Fyalka said, "This team already had one victory under its belt. They beat Bend 38-7 and I think they made our boys a little jittery."

"We dressed 41 players for the trip," Fyalka continued, "and lost two to get to play, so we were able to get a good look at our team in competition," he said.

Asked what points he will be stressing in preparation for a game with Webster of Collinsville here Thursday, Fyalka said, "Timing, for one thing. We were offside too much. We need work on blocking and on our overall defense."

1965 IMCA ROOKIE OF THE YEAR Bill Puterbaugh of Roxana will be among a host of nationally prominent drivers in an International Motor Car Association program here Oct. 2.

their top offensive unit play one and a half quarters, and all 45 boys who dressed for the game saw action.

"We had two offensive units," Tonnoff explained, "and three defensive units," indicating Coolidge's depth for playing boys in platoon style.

As for an opinion on the Braves' performance as they now face Roxana here Thursday, both coaches were cautiously pleased.

Tonnoff said, "I think our offense ran well but we were awfully poor on pass defense, tackling and kickoff and punt coverage."

**Madison Pleased**  
Coach Emmitt Timmons was not entirely disappointed with

the Madison showing, either. He was especially pleased with the passing attack spearheaded by quarterback Ronnie Britt.

Britt, who did most of the signal calling throughout, had seven passes completed and most for substantial yardage. "I think our boys did pretty good considering the competition," Timmons commented. "They made mistakes but we expected this and they'll profit from them."

One surprise for Timmons was the showing of former defensive end David Sherrod. "He showed us more in the game than all through practice," Timmons related in explaining the use of Sherrod in an offensive role.

Madison, unusually heavy with personnel this year, had 38 players dressed but used only about 14, Timmons said. "We were behind," he commented, "and had to go with our best."

# Hearts' Player Wins Batting Crown

## Mercer Tops in Most Inter-City Records

In terms of team effort, Mercer, winner of the Blue Division crown in the Southwestern Illinois Inter-City Baseball League, took most of the league honors this year.

Figures released this week by league secretary LeRoy A. Escher reveal Mercer as tops in batting with 335, most innings pitched, best won-lost record and lowest earned-run average. Additionally, Mercer was second in runs with 181.

A dozen local Inter-City League players are among the list of over 300 hitters who had more than 50 at bats.

Hearts-Library Home outfielder Frank Hildeg led hitters in average with .462, while Rich Branding of Mercer ranked among the leading hitters with 23 runs batted in.

Bruce Thompson of Mercer was the league's workhorse with 131.2 innings pitched. He also had the most games, most games completed and most games won. Mercer hurler Pat Harris was credited with having walked the least number of batters.

## Pro Basketball Team Cuts Freeman Loose

Don Freeman, star varsity basketball player with Madison high school and record-setting cage star at the University of Illinois, is not happy over the literal use of his name by the Philadelphia 76ers.

The NBA professional team made Don a "free-man" when it cut him loose Friday. He was the 76ers' third draft choice this year. Rookies traditionally have a difficult time making the transition from college to "big league" basketball in their first years.

## Taxpayer Forum Set to Outline Revenue Article

Representatives of state-wide business, education and agricultural organizations will speak on the need for state revenue reform at a taxpayers forum Thursday. The meeting will start at 7:30 p.m. in the Student Union cafeteria of the Southern Illinois University-Southwestern Campus.

The session will feature a panel discussion on the proposed amendment to the Revenue Article of the Illinois Constitution which will be submitted to Illinois voters in the Nov. 8 general election. The meeting will be open to the public.

Panel members will include Norman J. Beatty, member of the Illinois State Committee of Commerce tax department, Chicago; E. M. McWhorter, research assistant of the Illinois Education Association, Springfield, and William W. Allen, secretary of information, Illinois Agricultural Union, Bloomington.

The state Citizens Committee for a New Revenue Article is urging adoption of a constitutional amendment which would modernize the tax structure affecting state and local government.

To Vote Nov. 8. Illinois citizens will vote on the proposed amendment in the Nov. 8 general election. More than 100 citizens have joined the state-wide Citizens Committee which is coordinating the reform campaign. The campaign includes business, industrial and labor leaders; professional men, educators, agricultural representatives and state legislators and officials.

The proposed new Revenue Article was given overwhelming approval by the General Assembly. The committee contends the new article would eliminate many abuses to property and sales taxes. Passage of the amendment would authorize the General Assembly to overhaul the state's revenue system.

## GCCHS Student Relates UF Story to Optimists

Granite City Optimists heard local residents through the 22 first-hand reports on the current 1967 Tri-Cities United Fund drive from Carl E. Mathias, UF general chairman, and a Granite City high school senior, one of a group of volunteer students who plan to relate the United Fund story to area groups.

The 1967 drive for \$367,000 officially gets under way next Monday. The speakers, who addressed 22 Optimist members at a luncheon meeting Thursday, in the YMCA, were introduced by John Solenberg, UF executive director.

Eric Wiehardt, a member of the GCCHS debate team, presented a flip chart resume, entitled "United Fund—The Modern Symbol of Service." He described organizational features in pre-campaign planning resulting in a well-coordinated drive geared to reach every phase of community life. Wiehardt also reviewed the varied-type services offered to local residents through the 22 participating agencies.

Optimist members were then shown a cartoon film strip provided by the Cahokia Mound Boy Scout Council, which urged all Scouters to participate actively in United Fund campaigns. Mathias concluded the program by paying tribute to the local men's service club for their willingness to work and support the drive.

Preceding the presentations, a moment of silence was observed in memory of Leonard C. Bickel, 57, a General Steel Industries superintendent and former club member, who died Sept. 19.

Wilbur Tribes, Optimist president, conducted the business meeting.

### Cemetery Investment Fund is Organized

Michael J. Howlett, state auditor, announced today that a mutual investment fund, believed to be the first of its type in the U.S., has been formed to handle care funds of Illinois cemeteries.

The fund will provide all cemeteries, small or large, with professional investment counsel. The fund will administer an estimated \$40 million in care funds.

Known as "Cemitrust," the fund, which is open to all cemeteries, will be owned and operated by cemetery authorities.

Howlett said. He said the purpose of the fund is to maximize future income.

Small Illinois cemeteries, unable to pay for investment advice, would sometimes put their funds into government bonds or other securities with low return—the result would be as cemetery prices and labor costs went up, the return on invested funds would not be enough to pay for rising care costs, he added.

## Mueller-Zikovich Nuptials At St. Margaret Mary

Among the earliest of the autumn weddings was that Saturday afternoon at St. Margaret Mary Catholic Church of Miss Karen Zikovich, a daughter of Mr. and Mrs. Michael E. Zikovich, 15 Devon Hill lane, and David H. Mueller, a son of Mr. and Mrs. Eckert T. Mueller, Highway 203, Madison.

The ceremony was performed by the Rev. A. J. Schwelmbach, and a reception was held afterward at the Venice-Madison American Legion hall.

A gown of candlelight peau de sole, designed by herself and made by her mother, was worn by the bride.

It featured an Empire bodice, embroidered with seed pearls and crystals and an A-line skirt ending in a court train. A floor-length silk illusion veil was attached to a bow headpiece and the bride held a crescent bouquet of white roses and green leaves.

The attendants, Miss Mary Ellen Zikovich, a sister of the bride, as maid of honor, and Mrs. Rosa Zikovich, a sister-in-law, Miss Rita Heidbrink, Miss Wilma Schewe and Mrs. Marilyn Chaboude, bridesmaids, wore gowns of crepe with A-line skirts. Empire bodices, lace bell sleeves and detachable trains.

Bow headpieces matched the gowns which were alike, except for color. The honor maid was in gold, and the maids wore olive green.

They carried cascades of croton leaves, wheat and bronze and yellow chrysanthemums.

Don Mueller, the bridegroom's brother, was best man, and Michael A. Zikovich, brother of the bride, Richard Tarasovich, Ervin Mueller, a cousin, Geoffrey Chaboude and Larry Schaefer served as groomsmen and ushers.

MRS. KENNETH G. DILLINGHAM, a bride of Saturday. Before her marriage at Nameoki Methodist Church she was Patricia Pierce, a daughter of Rev. and Mrs. Frank Pierce, 2031 Amos avenue.

### Miss Patricia Pierce and Kenneth Dillingham Wed

Wedding vows were exchanged by Miss Patricia Pierce and Kenneth G. Dillingham in an evening ceremony performed Saturday at the Nameoki Methodist Church by the bride's father, the Rev. Frank Pierce, pastor.

The bridegroom is a son of Mr. and Mrs. Kenneth Dillingham of Mt. Vernon, Ill.

Mrs. Edna Hensley presided at the organ and accompanied Raymond Voorhees as he sang "The Wedding Prayer" and the Lord's Prayer.

White flowers, greenery and candlelight provided the setting for the double-ring service which was followed by a reception at the church.

A gown of white Chantilly lace over peau de soie was worn by the bride. Floor-length, it was designed with a bateau neckline, scalloped and trimmed with sequins and long tapered sleeves. The also-wide skirt, formed of tiers, each tier scalloped and sprinkled with sequins, ended in a court train.

A headpiece of lace forming delicate petals outlined with seed pearls secured the bride's bouffant veil of silk illusion and she carried a cascade of lilies of the valley and gladiolus flowerettes.

The attendants were Miss Barbara Neimeier, maid of honor, Miss Sandy Hurst, Miss Betty Doerwald and Miss Linda Trendewell, bridesmaids.

They were dressed alike in gowns of aquamarine chiffon over taffeta with Empire bodices, bateau necklines and elbow-length sleeves. Headpieces were lilies of the valley petal

## Efforts by U.S. to Indirectly Control Communications Traced

(Concluding report by the University of Missouri Journalism School's Freedom of Information Center on the role of government in the communications field.)

The government operates at least two wire services — the weather and the agricultural wires.

The weather wire is often purchased by radio and television stations. It is a part of the Weather Bureau's nationwide system.

The Agriculture Wire Service was established in 1963 by the Department of Agriculture. The wire was offered to newspapers and any other private clients the department said.

The demand for the information which the wire now provides to subscribers had resulted in telephone requests to Agriculture Department officials for detailed information "at a cost of receiving time and expense" to the federal government.

The department said that "the new system will not bring in any revenue to the federal government, and will not result in any additional cost."

### U. S. Gathers Information

The department said that it had been gathering information since 1915 and transmitting its findings over a 19,000-mile telephone loop, Summerfield reports had reached farmers through a number of newspaper and radio-TV stations for some time, according to the department.

In discussing the reasons for instituting the service, Agriculture Secretary Orville Freeman said he did not think any private news service should have the exclusive right to the information for profit information gathered by the government.

There followed a number of attempts to end the service.

An appeal to the Federal Communications Commission failed when the FCC said it lacked jurisdiction.

Several bills were introduced to force the Agriculture Department to stop the service, but these failed.

Most strenuous protests came from the American Newspaper Publishers Association and the Ridder Newspapers.

Ridder Newspapers operated P.A.M. News, a private farm news service. P.A.M. filed a suit Nov. 16, 1963, seeking a permanent injunction against the government wire service, apparently to no avail.

In spite of these efforts, funds were appropriated by Congress "to complete the modernization of the market news leased wire service and to meet the cost of increased telephone rates."

When the Senate passed a similar bill it directed the Secretary of Agriculture "to determine if the leased wire system which carries market reporting and information is being used for the purpose of gathering information and the routine administrative instructions which were carried on the leased wire system prior to Aug. 1, 1963."

A government-owned radio and television network to serve as an electronic Congressional Record has been suggested (Harry S. Stork, Television and Society, 1965, pp. 207, 209).

Storkia argues that such a public-service network would allow the best minds in the nation to analyze public problems. This would not be limited merely to the national level, but would operate on state and local levels as well.

Such a network would be in keeping with public supported schools, highways and conservation programs, he said.

Network financing could come from license fees paid by commercial networks, Storkia said, and additional funds could be secured through a tax on commercial stations.

### Indirect Involvements

The indirect involvements of the government in mass communications also are numerous.

The function of the Federal Communications Commission has been, for example, primarily in bringing order to the licensing of radio and TV stations. But various pressures have forced the FCC into broader activities.

The FCC has been able to influence programming, for example, through the sale, threat, or denial of a license which could be renewed, or that a request for renewal might be subjected to somewhat closer scrutiny than normal.

## Scouting Program Adopts New Look to Meet Modern Needs

Everything has a new look—including the traditional Boy Scouts United Fund agency, serving boys and youths between the ages of eight and 18 years. The United Fund District of the Cahokia Mound Boy Scout Council is keeping pace.

Within the past 12 months, local teenage youths involved in the Explorer phase of scouting have entered fields once remote from the general activities of the Boy Scouts of America. Two such Explorer posts are now sponsored here by W. T. Grant Co. While each post functions within the usual area of Boy Scouting, one has selected to incorporate a training program devoted to the merchandizing phase of retail chain stores. The second post elected an educational course of study in the field of automotive mechanics.

Similar local Explorer posts are guided by such diversified sponsors as Granite City Steel Co., the Matteson Community Club, specializing in world service, a new post sponsored by the Nametki town board of auditors, directed toward government operations.

Even Newer Fields Each post has a specialized program to offer today's youth. Several new Explorer groups are in the process of being organized in the fields of law, medicine, administrative work and chemistry.

The United Way Boy Scout District, an agency of the Tri-Cities United Fund, encompasses more than 70 Cub packs, Boy Scout troops and Explorer posts that serve over 2500 Cub Scouts, Boy Scouts, Explorers and adult scout leaders. Scout officials estimate the figure will approach the 6500 mark in council participation by the end of this year.

Working with local religious, educational, civic, labor, business and community groups who sponsor the scout organizations, the Cahokia Mound Council provides program resources, camping facilities, training for adults and boy leaders, plus many types of professional and volunteer assistance to make scouting available to all boys.

Nationally Recognized Camp The council maintains camping facilities that have been recognized nationally and have served as models for many camps throughout the country.

In the past months, more than 900 youths have participated in summer camping sessions, including long-term campouts and high adventure trips, accompanied by volunteer leaders.

Through council-wide activities such as camporees, community service projects, merit badge exhibitions, on-the-job guidance and training seminars, unit programs in the local community are stimulated.

Scouting is the strong right arm of parents, teachers, clergy-

**DIVERSIFIED ACTIVITIES** make up the life of a Quad-City Boy Scout. A quartet of local scouts learn the basic skills of placing an injured buddy on an improvised stretcher. The action was part of a winter first aid meet. Emergency preparedness is a key program in scouting.

**CAMP-OUT FUN** is combined with instruction in woodsmanship, outdoor cooking, first aid, nature lore and physical conditioning. An interested group observes a fellow scout learning the finer points of rope climbing.

men and other community leaders in training tomorrow's responsible citizens to be "physically strong, mentally awake and morally straight." United Fund officials point out.

Adult Interest Success of scouting locally is attributed in a great degree to the interest shown by adults of the area in advancement of the Boy Scout program. The United Fund District, one of three districts in the Cahokia Mound Council, has a ratio of about one leader to every three scouts.

Every class range of boys is given equal training, although for the young boys—the Cubs from 8 to 11—confine most of their activities to a study of nature lore,

hiking and learning skills to acquaint them with the overall Boy Scout program.

General scout training for boys 11 to 14 is the nucleus of the entire Boy Scout program. Here the youths branch into unlimited areas of learning, study, fun and social activity. The Explorer post is the peak phase of scouting and offers unique experiences in varied subjects.

The Tri-Cities United Fund has allotted \$46,000 for the Uniwah District for 1967. The figure represents a \$2000 increase over the 1966 allocation.

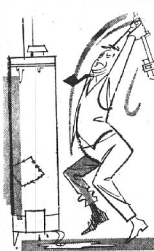

President of the Uniwah council is A. P. Steinhilber, and Eugene Coe is council executive. The local Boy Scout office is located at 1338a Niedringhaus avenue.

## Tax Collectors Run In Rich Family

Granite City's tax collector E. R. "Pat" Rich is displaying an old tax bill from Anna, Ill., dated 1893, that bears the name of his grandfather, William C. Rich Jr., who was tax collector for the community in Union county.

Rich, who also is treasurer for the city of Granite City, noted with interest that the total tax bill for the individual property owner of two lots and a house and personal property was \$17.59, including \$2.73 for the lot, \$1.35 for personal property and \$13.51 for the house and second lot.

Of the total amount, \$1.61 went to the state, \$2.19 to the county, \$7.99 to the school district and \$5.80 to the city.

Rich commented that the comparison of the 1892 tax bill with

Rich, who also is treasurer for the city of Granite City, noted with interest that the total tax bill for the individual property owner of two lots and a house and personal property was \$17.59, including \$2.73 for the lot, \$1.35 for personal property and \$13.51 for the house and second lot.

The local treasurer-tax collector, who is keeping the old tax bill in his wallet as a souvenir, said that his grandfather also held the offices of magistrate, sheriff and state's attorney in the city and county.

## Budget for SIU and SIU-SW Totals \$60,464,000 for Year

Southern Illinois University and the SIU-SW campus have an operating budget totaling \$60,464,000 for the second year of the current biennium, according to figures approved Friday at Carbondale by the university board of trustees.

The internal budget is \$8,464,239 larger than the budget for the 1965-66 fiscal year. President Delyte W. Morris told the board

the increase is to provide for a substantial rise in enrollment, salary adjustments for faculty and staff, costs of operation and maintenance of new buildings, generally higher operating costs resulting from a greater volume of activities and increases in prices of goods and services.

The university's anticipated operating income for the year is shown as \$43,540,883 from leg-

islative appropriation and tuition charges; \$7,881,114 from operation of auxiliary enterprises such as residence halls, and \$8,886,500 in restricted accounts, including \$779,500 in student activity fees.

Personal services will account for 70% of the state-appropriated funds, the same as for the 1965-66 fiscal year.

Budget allocations for 1966-67 were approved by the board to include:

Educational and general expenses, \$51,129,115; auxiliary enterprises, \$7,937,276; university student activities, \$779,500; and student aid (scholarships, grants, fees and fellowships), \$818,778.
